

Therapeutic Footwear

FitzKidz®

by  **ortho europe®**

Infant Range

Coolz

Coolz are an ideal shoe for toddlers taking their first steps. They are lightweight, and are available in two widths to ensure the best possible fit for developing feet.

Jazz

It's not always easy to get a toddler's shoes on, so these shoes feature a low opening to help make it easier. They also offer excellent support in a boot style. They are available in a choice of colours, and the option of an Anti-Varus last shape if required.

Sandalz

A sandal that is perfect choice for the Australian summer! It's supportive, cool to wear, and has velcro closure for easing fitting.

Junior Range

Smasherz

Smasherz are the ideal choice for children who require a high stability boot that is suitable for both school and play. These shoes are comfortable and durable

Thrasherz

Thrasherz are a casual trainer that provides extra support and control to the active child's foot. They are both stylish and robust, and will stand up to real wear and tear.
